CRUISES

INTRODUCING OUR BRAND NEW RIVER CRUISER
THE GENTLEMAN

NEW CHALLENGE

Arjan and Willeke van Loon started modestly in 1987 with a barge. Our company Van Loon Shipping in the Netherlands has grown into a successful company with six inland tankers in service. Nevertheless, we are also looking to our future and that of our cooperating three children. So it was time for a new challenge.

The river remains, but everything else changes with Van Loon Cruises Suisse AG, the subsidiary of Van Loon Shipping. CEO Arjan van Loon, who set up the new company together with his daughter and two sons, explains how they have gained many years of experience on the waterways over the Rhine, Moselle, Main and Danube and that this experience now comes in handy.

Based on this experience, we take full responsibility for the technical and nautical management of The Gentleman with Van Loon Cruises Suisse AG. We are sure that we can do it, as a family and together with our experienced staff members. Dutch craftsmanship is renowned for its precision and quality and will undoubtedly stand the test of time.

We outsource the hotel management.

“WE ARE SURE THAT WE CAN DO IT,
AS A FAMILY AND TOGETHER WITH OUR
EXPERIENCED STAFF MEMBERS.”

CHALLENGE

INTRODUCING

THE GENTLEMAN, A BRAND-NEW RIVER
CRUISER FOR 172 PASSENGERS WITH THE
APPEARANCE OF A YACHT

NO CONCESSIONS

Where naval architects often work from the inside out, an interior with a ship around it, at Van Loon Cruises Suisse AG we work exactly the other way around. The Gentleman streamlined shape is leading, giving the ship an elegant and dynamic yacht appearance. As a passenger you do not have to make any concessions. The set-up is such that you can enjoy every luxury on board.

LOBBY

CABINS

8 Suites 21 m²

OUR SUITES

Functionality and sustainability are the starting point in the designs!

CABINS

21	State rooms	14 m ²
18	State rooms	13 m ²

OUR STATE ROOMS

The interior of the state rooms and suites are spacious and practical.

STATE ROOMS

TRANQUILITY AND WARMTH

Creating designs with tranquility and warmth are important in spaces where people come together. Natural fabrics in calm colours and in different textures contribute to a contemporary balance. Large art walls with great memory value give intimacy and a nice atmosphere at any time of the day.

LOUNGE

LUXURIOUS ATMOSPHERE

The contemporary balanced design is filled with elements of surprise. The interior parts are sophisticated and reveal aesthetic language in the choice of exclusive materials such as; wood, marble, glass, bronze metal and leather. Matching handcrafted accessories give the lounge an exiting and luxurious atmosphere.

To achieve a natural feeling, round shapes and flowing lines are used. Curves break through straight and symmetrical lines. The playful effect creates an attractive and ergonomic interior. Biophilic design is bringing nature into our interior. By bringing the outdoors in, a calming atmosphere is created.

ATTRACTIVE AND ERGONOMIC

To achieve a natural feeling, round shapes and flowing lines are used. Curves break through straight and symmetrical lines. The playful effect creates an attractive and ergonomic interior. Biophilic design is bringing nature into our interior. By bringing the outdoors in, a calming atmosphere is created.

LUXE LOUNGE

TRULY REMARKABLE EXPERIENCE

In conclusion, The Gentleman offers a truly remarkable river cruising experience. Its modern yacht-like design, use of premium materials, and attention to detail make it an enticing choice for travelers seeking adventure and luxury. The ability to open floor-to-ceiling windows on the middle and upper decks adds to the immersive experience of taking in the breathtaking scenery. Furthermore, the ship's expansive sun deck caters to both relaxation and active pursuits.

MEMORABLE JOURNEY

The onboard amenities leave nothing to be desired, with a spacious and elegant panorama salon, a luxurious lounge at the stern, a stylish restaurant, a welcoming hotel reception, a dedicated tour leader's desk, and the convenience of an elevator connecting all decks. The Gentleman promises not just a cruise, but a lavish and memorable journey along the river.

"YOU WILL NEVER
KNOW UNTIL YOU GO"

ADVANTAGES FOR THE TOUR OPERATOR

Van Loon Cruises Suisse AG is a relatively small organization that is always willing for cooperation. Instead of offering a standard package, we prefer to consult with the tour operator. We are there to customize the perfect cruise experience for every individual.
