Bring the IT Girls (& Boys) Experience to your next event

So you have booked your beautiful venue and mouth-watering catering, but you need entertainment. Imagine multi-platinum recording artists, West End stars and production values akin to fashion, TV and film, all wrapped in one sparkling package.

This is... the IT experience!

About the Shows

We offer 2 sensational shows throughout the evening that are sure to dazzle your guests.

Show 1 The Dinner Dining Show

The show involves London's finest female and male dancers plus breath-taking vocalists and depending on your package, musicians too! Imagine a striking blend of Cabaret, Showgirl, Musical Theatre & Pop classics; from 'Get this party started' by Shirley Bassey to 'Diamonds are a girls best friend' with a mashup of Beyonce's 'Single ladies'.

How long is this show? 15 mins in duration

Show 2 The Party Show

Are you planning to dance the night away after dinner? If so our Party show offers an effortless link from dinner into the partying element of your evening. This show has all the dance floor fillers that will have your guests itching to get up out of their seats and throw some sparkly shapes on the dance floor. From Sam Smith's dance remix of 'Promises' to Eurythmics' 'Sweet Dreams', there is something for everyone. There is also a small section of fun audience participation within this show, shortly followed by our dancers inviting your guests onto the dance floor to boogie the night away; a perfect handover to a DJ or band for the later part of the evening!

How long is this show? 20 - 30 mins in duration.

(Please note that both shows include a costume change)

The Packages

Choose a Package or Design your Own!

Either choose from the artist packages below or if you would like to design a package exclusively for you, consider it done!

THE FULL MONTY

(11 performers)

If you want the whole shebang then look no further. This 11 artist package includes 8 dazzling dancers (6 female and 2 male if preferred), a must-have musician (we recommend saxophonist), plus a male and female vocalist. Together they make up The Fabu-lous Full Monty and offer a magical IT experience that your guests will remember for years to come.

THE SIGNATURE DISH PACKAGE

(8 performers)

One of our most popular packages is our Signature Package that is a perfect combination of 6 dancers, 1 saxophonist and 1 vocalist. We can provide a mixture to suit your needs, 6 female dancers or a mixture of male and female artists. This package guarantees to dazzle and delight guests and add value to any event. The sassy 8 artist combination suits most venues & events effortlessly, whilst still giving the audience a blend of live music, dance & stunning vocals... all in one show! For extra impact add a 2nd vocalist to this package (which we know, raises the roof!)

THE FABULOUS FIVE

(5 performers)

Small but perfectly formed, this package is both delightful & affordable. The Fabulous Five comes to life with a combination of 4 dancers & 1 vocalist, and we can be flexible with its make-up, allowing you to choose male and female artists in line with your party's aesthetic and feel. Together these artists produce the wow factor, making sure your party, event or launch will be as good as 'IT' gets!

A Saxophonist can also be added to this package.

Themes & Inspiration

Champagne Reception

A perfect start to the perfect evening.

If you are having a Champagne/drinks reception to kick start your evening, why not have some beautiful live vocals from our vocalist to set the scene. If you have booked a saxophonist within your IT Girl package then they can roam and play solo among your guests creating an immersive entertainment experience as well as accompanying the vocalist on their tracks.

Please note this style of entertainment is 'background entertainment' & can be an additional performance to the 2 IT Girl shows that we offer.

Feather Reveal

If you're looking for an extra special entrance for a birthday or event then our feather reveals are the perfect way to grab your audience's attention and put you right at the heart of the action.

The Great Gatsby

We can cater for a variety of themes however The Great Gatsby is one of our fav's.

Our Great Gatsby performance will whisk your guests away to the roaring twenties, an age of excitement, jazz and sophistication. Now where are those dinner suits and flapper dresses?

The faces you'll see on-site...

Meet Tracy Dennis

Choreographer and creative director

I thrive backstage, where staying calm and having excellent communication with your team is vital. I adore being part of the team that delivers the ultimate entertainment experience.
